

# PROFESSIONAL RESUME

**JOHAN ÅSTRAND**

*CO-FOUNDER & SURVEYOR*

## PROFILE

Johan Åstrand, born in 1975, commenced his career as a deck hand at various fishing vessels and continued as ordinary seaman and later on as able bodied seaman at Oil/Chemical tankers and Ro-Ro vessels. After completion of deck-officer exam in early 2001, Johan sailed as deck officer in various positions, mostly in Oil/Chemical tankers and RoRo vessels. In 2006 he was invited to join the Swedish branch of the Independent Survey and Laboratory Company, Saybolt as Cargo Surveyor.

After working his way from Cargo Surveyor and further to the Operations dept. within Saybolt, Johan got the opportunity to join Gard, one of the world's leading Marine Insurer as a Marine Claims Adjuster in the end of 2011.

Johan is the co-founder of JnJ Survey, a marine Survey and Average Adjuster company with focus to serve the Marine Insurance and Shipping Industry.
